

Hi,

I currently listen to a radio station called "K-LOVE" (105.5 fm) in the Phoenix, Arizona area. It has come to attention that a "Low Power FM" service might take over. I am deeply saddened to hear this. I have been listening to K-Love for 4 years now and have thoroughly enjoyed listening to the music and the deejays. Here are some reasons on why I enjoy this station:

\*It is free music. Very wholesome for the WHOLE family. None of that garbage shock-jock stuff. It is great to wake-up and hear the deejays and their funny comments (no foul words-very wholesome) and the music to perk me up for the day.

\*If we lose K-LOVE, what kind of music can we listen to that the whole family can hear? I don't want my kids growing up and listening to satanic, violent songs! We listen to the radio more than watch t.v. T.V. tends to be violent also, plus you can see the scary stuff and be influenced by that. Have you noticed the high crimes around the world? Just watch t.v. and learn how to be a criminal from it.

\*K-LOVE is, again, wholesome for the whole family to hear. My children love the songs and oftentimes sing along with it. Yes, we spend a lot of time together and I feel like I can be a great influence on them. I feel music is such a gift to us from the Lord. There are many beautiful songs on K-LOVE that it brings tears to my eyes. If this station were taken off the air, a lot of people, including us, will be at a loss.

K-LOVE works hard on being donor supported. Yes, I'm a donor and feel very honored to be one. They don't have commercials, just announcements. Not only do we go to church on Sundays, but we can get our daily dose of biblical living from K-LOVE.

We live in a country that has wonderful freedoms. Let's keep K-LOVE on the radio.

Thank you,

Lori Shoaf
